Biography

With 20 years of experience as an attorney-at-law, I've navigated various legal waters, but intellectual property is where I've truly found my passion. As an Authorized European Trade Mark and Design Attorney, I specialize in trademarks, design, domain names, and online brand protection. My practice spans strategy, clearance, prosecution, enforcement, and dispute resolution, including oppositions and infringements. Having worked in both in-house and private practice, I thrive on helping others by solving complex legal challenges and ensuring their intellectual assets are protected with precision and care.

Education

- Master of Laws in European Intellectual Property - Stockholm University
