Biography

I am a Senior Paralegal at Abion, specializing in intellectual property - mainly trademarks and designs. Once I had taken my Paralegal degree, I began my career in 2016 at a law firm, where I tackled everything from intellectual property matters to dispute resolution and customs matters. Since joining Abion in 2019, I have enjoyed navigating the complexities of IP law. When I am not busy protecting assets, I love tackling home projects, taking long walks, gardening, and getting lost in a good book.
